

Byway Business Input Sessions

The Illinois River Road National Scenic Byway Organization is asking for your input. We have a comprehensive study currently underway that includes obtaining input from Byway community businesses to help identify areas of growth for small, authentic byway businesses throughout the region. These “authentic byway businesses” will contribute to a visitor’s experience as they travel the Illinois River Road. If you have ideas for potential businesses or you have thoughts on what we should be looking for, we want to hear from you. There are multiple input sessions planned around the region and the public is invited to attend.
