**Illinois River Road National Scenic Byway to  
Launch New Logo with Caravan Tour**

**WHAT:** To celebrate the Illinois River Road's National Scenic Byway designation and what it means for communities along or near the Byway, we will be traveling to each of the Byway's gateway communities to highlight progress and current projects aimed at increasing awareness of the Byway and attracting visitors to our region.

There will be a gathering at each gateway community featuring representatives from the Byway, a congressional representative and a city official. The new logo will also be unveiled.

There are opportunities for members of the media to ride with the Byway representatives who will stop along the Byway at additional points of interest as time allows. Please contact us if interested.

The two caravans will leave from the Riverfront Visitor's Center (110 NE Water St.) in Peoria at 7:30 a.m.
